

	selecting brand or instrument type, fast load speed, good graphics advertising sales and special offers. 9
<a href="http://www.guitarshop.net/">http://www.guitarshop.net/</a>	Good content- includes other instruments such as banjos/mandolins, sections easily divided up by guitar type, quick load speed, decent graphics- too much text. 7
<a href="http://www.davesguitar.com/">http://www.davesguitar.com/</a>	Decent content- includes pedals and other accessories, could be easier to navigate, fast load speed, graphics only on boarders. 7
<a href="http://www.theguitarshop.us/index.htm">http://www.theguitarshop.us/index.htm</a>	Little content- only basics, difficult to navigate (deceiving links), quick load speed, little graphics. 5
<a href="http://www.mccabes.com/">http://www.mccabes.com/</a>	Lots of content but none of it too relevant, navigability is tricky- links are worded weird, fast load speed,, very few and cheesy graphics. 4
<a href="http://www.marcsguitarshop.com/">http://www.marcsguitarshop.com/</a>	Good content- lots of custom items, easy to navigate- effective links, decent load speed, good graphics. 8
<a href="http://www.stewmac.com/">http://www.stewmac.com/</a>	Great content- everything needed to build a guitar, easy to navigate, fast load speed, good graphics.
<a href="http://charleysguitar.com/">http://charleysguitar.com/</a>	Decent content- does not show all guitars for sale, somewhat easy to navigate, fast load speed, good graphics for all guitars on sale. 7
<a href="http://harrysguitarshop.com/">http://harrysguitarshop.com/</a>	Great content, could be easier to navigate, fast load speed, does not show graphics for all guitars on sale. 7
<a href="http://www.guitarrepairshop.com/">http://www.guitarrepairshop.com/</a>	Decent content, decent navigation-hard to find what you want, fast load speed, few graphics. 4
<a href="http://www.crossroadsguitarshop.com/">http://www.crossroadsguitarshop.com/</a>	Decent content, difficult to navigate, quick load speed, graphics seem scattered. 5
<a href="http://www.tommysguitarshop.com/">http://www.tommysguitarshop.com/</a>	Great content, easy to navigate, quick load speed, good graphics. 9
<a href="http://www.colfaxguitarshop.com/">http://www.colfaxguitarshop.com/</a>	Good content, somewhat easy to navigate, quick load speed, good graphics that display custom works. 7
<a href="http://www.willcuttguitars.com/">http://www.willcuttguitars.com/</a>	Good content, somewhat easy to navigate, sometimes slow load speed, not enough graphics. 6
<a href="http://www.marksguitarshop.com/home.php">http://www.marksguitarshop.com/home.php</a>	Decent content, decent navigation, fast load speed, good graphics. 6
<a href="http://www.frenchyspedalsteel.com/">http://www.frenchyspedalsteel.com/</a>	Poor content, faulty navigation-links don't work, fast load speed, decent graphics. 3
<a href="http://www.rocknrollvintage.com/">http://www.rocknrollvintage.com/</a>	Good content, easy to navigate, quick load speed, good graphics except for black background. 7
<a href="http://www.guitarshoptexas.com/">http://www.guitarshoptexas.com/</a>	Decent content, easy to navigate, quick load speed, poor graphics. 5
<a href="http://www.guitarstop.com/">http://www.guitarstop.com/</a>	Decent content, somewhat easy to navigate, quick load time, poor graphics. 5
<a href="http://www.topshelfguitarshop.com/">http://www.topshelfguitarshop.com/</a>	Good content, easy to navigate-effective links, fast
